

UNIQUE AUTO PANEL & PAINT

COMPANY PROFILE

BACKGROUND

Unique Auto Panel and Paint was founded in 2019 by dynamic businesswoman, Mika Heeraman. Mika overcame many personal obstacles and went on to drive change in the male dominated autobody industry by becoming the youngest female to obtain RMI and SAMBRA accreditation. Unique Auto offers a distinctive blend of customized autobody panel beating and spray-painting services at affordable rates.

The state-of-the-art, fully equipped autobody workshop is based in Tongaat industrial area on the KZN North Coast - close to King Shaka International Airport and Ballito.

Inspired by her father, Deon Kisoondutt, a qualified spray painter and veteran in the industry, Mika obtained her major structural RMI approval despite the various difficulties.

VISION

To be a leading women owned independent panel shop in the North Coast of KwaZulu-Natal, renowned for unwavering commitment to craftsmanship, innovation & customer experience.

MISSION

Our mission is to empower and inspire through our commitment to excellence, and customer-focused service. We aim to be a beacon of female leadership in a traditionally male-dominated field, ensuring that every customer experiences the highest standard of care, craftsmanship and respect.
